CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Location of Highway US 27 On South Side of Lake Will Be Shifted North To Edge of Government Dike

US Highway 27 will be relocated between Clewiston and South Bay and 4.5 miles of the work in Palm Beach County and two miles in Hendry county will be in the forthcoming 1957-58 budget, members of the Palm Beach County Commission were informed by SRD Chairman Wilbur E. Jones in Fort Lauderdale on Wednesday of this week. Money for this item was not sought in the forthcoming budget by the Palm Beach county board but upon being informed by the SRD Chairman that said work was anticipated, the commission revised its requests to include this item.

Road Board Chairman Jones said that the proposal calls for relocating US27 to the north of the present highway and adjacent to the US Government Levee right-of-way. Starting at the city limits of

Clewiston and swinging northward to the levee right-of-way, the new road location would follow the levee to a point immediately west of South Bay where it would swing away from the levee location and hit the present US27 on alignment through South Bay on the present route.

Commenting upon the amount of money to be allocated for this work in the forthcoming budget, Chairman Jones said that provision will be made by Road Board Member Al Rogero for construction of the two miles of the grade in Hendry county and that he (Jones) will provide for construction of 4.5 miles of the grade from the Hendry county line east in Palm Beach County. Future budgets and future allotments of money will see completion of the

road in easy stages, Jones said. Division Engineer Duncan Carlton pointed out that relocation of the road will call for removal of an average of seven feet of muck over the entire stretch and that plans call for dredging up material from inside the levee in Lake Okechobee and pumping it over the levee to the new road location to build the road fill.

When questioned by County Commissioner Paul Rardin of Canal Point as to the type of construction to be used on the new location, Mr. Jones said: "It will be a modern four-lane divided highway, long needed in that particular area to replace the dangerous and inadequate stretch of road now in use."

Commissioner Rardin pointed out to other members of his board that

the 4.5 miles of road proposed by the SRD chairman would bring the new road from the Hendry County line into this county to a point west of Lake Harbor for the first stage of construction.

Other items sought by the county board for the immediate Glades area were requested as follows:

1. Building 'new intersection in South Bay.

2. Retreading 4.3 miles of SR80 between South Bay and Belle Glade.

3. Retreading 5 miles of SR700 between Canal Point and a point five miles east of town.

4. Rebuilding Farmer's Market Road in Pahokee.

The above items are in the State Road Department primary road budget, it was pointed out by Commissioner Rardin and how many

will be built during the coming year is wholly up to the SRD Chairman and his department.

One road assured to be rebuilt in the coming budget, Rardin said, is 4.8 miles of Brown's Farm road which the Glades Commissioner asked for in the secondary road budget and over which the county commission has some control.

Rardin said that the division engineer and county engineer had previously figured that \$95,000 would be an amount sufficient to put this heavily traveled farm road in first class condition. "It has been a battle," Rardin said, "to learn the exact status of Brown's Farm Road. Now that we've finally learned that it is not a primary road, and falls into the secondary category, we are going to do something about it."

J. H. Wilkinson, Jr., Is Nominated For Lions Club Pres.

A new slate of officers for the Pahokee Lions Club was recommended by the nominating committee at the Tuesday luncheon meeting of the Club. James Harry Wilkinson, Jr., was recommended by the committee for the office of president; R. B. Simmonson, for first vice president; Paul Tillery, second vice president; Webb Pell, third vice president; R. J. Schroeder, secretary; Frank Tillis, treasurer; Brooks Henderson, Lion tamer; Dr. R. C. Lane, talkwriter; M. P. Stanley and Charles Brown, directors.

It was announced nominations will also be received from the floor before the annual election of club officers in April.

Guest speaker was Louis Mims, scoutmaster of Pahokee Boy Scout Troop 28, who gave a report on the growth and achievement record of Troop 28, which is sponsored by the club. The speaker gave high praise to Manning I. Keen, chairman of the Boy Scout Committee, for his untiring work in promoting the welfare of the troop.

It was announced that Mr. Keen is making arrangements to take a group of talented Scouts from Troop 28 to Daytona Beach to take part on the program of entertainment at the Lions State Convention to be held in that city in May.

RAINBOW MEETING

The Pahokee Assembly, Order of Rainbow for Girls, will meet jointly with the Belle Glade Assembly in the Benevolent Hall at Belle Glade Monday, April 1 at 7:30 p. m., when Mrs. Leta MacMinn, of Hollywood, Supreme deputy of the Rainbow Order, will make an official visit to the Glades Assemblies.

Tim Jim Mullis of Miami spent the weekend in Pahokee visiting his parents, Mr. and Mrs. L. W. Mullis.

Claude Padgett Has Electric Shop

Claude Padgett, Pahokee electrician, for the past several years connected with Critchfield Electric of South Bay, this week announces opening of his own business in Pahokee. Claude is a qualified electrician and has had many years experience in that kind of work in the Glades. He extends a cordial invitation to his many friends to give him a call at Pahokee 7253 when in need of electrical work.

Bank Of Pahokee Is Growing Steadily

Palm Beach County's oldest bank continues on its steady growth. Chartered in 1922 the Glades Institution is the only bank in the county to weather the financial storms during the "boom and bust" period of the late 20's and the bank closing days of the Hoover depression.

The Daily American Banker, published in New York, in its March 28 edition shows the Bank of Pahokee has gained 68 places in its standing among the 4,000 largest banks in America during 1956. The local bank has stepped up from the 3,995th place to the 3,927th spot through its healthy growth of the past year.

The Daily American Banker is the daily trade paper of the banking business in America. There are 14,000 banks in the United States.

The Bank of Pahokee is under the conservative, but progressive guidance and direction of Harry M. McIntosh, president, and a group of outstanding citizens of the area.

QUARTET SINGS

A musical program was presented by the Uptegrove Quartet at the March meeting of the Pahokee Methodist Men's Club held in the social hall of the church. It was reported the club has purchased two additional folding tables for use in the social hall. R. B. Simmonson, vice president, presided.

Low-Rent Housing Gets Green Light

The Pahokee low-rent housing project which has been in the prospective stage for many, many moons seems to have been given the green light with the advertisement for bids to be received on April 25. The idea and plans have been kicked around for years, sometimes looking like the project might be built and other times stymied by red tape, etc.

The official advertisement calls for erection of 57 duplex units and one residential unit, storage building, sewage, water and electric utility lines, streets and paving, landscaping and other site improvements. When finished the housing units will constitute a fully completed job.

Though the call for bids does not say so, it is known that in the 57 duplex buildings there will be 115 units, 75 units of which will be in the colored division on former McClure land on McClure road and the remaining forty units will be in the white division immediately to the rear of the Mims Weld Shop on Barfield Highway.

Mary Ellen Sims To Open Beauty Shop

Miss Mary Ellen Sims of Pahokee announces opening on next Tuesday—April 2—of a new beauty shop in the Rardin Building in Canal Point next door to the post office. Miss Sims is an experienced operator and extends a cordial invitation to her many friends to visit her in her new location. She has equipped her shop with new equipment and is ready to render an outstanding service to the ladies of the Lake Okechobee Region. The room in which she will be located has been completely remodeled and redecorated.

Oseola Uptegrove is on leave from his post office duties this week and is spending his vacation time by working on the new home which he is building in Canal Point.

Oldest Resident Fractures Hip

Mrs. Eva I. Brandon, 97, Canal Point's oldest resident, is a patient at the Everglades Memorial Hospital where she is being treated for a hip fracture which she suffered Thursday night of last week when she tripped and fell as she was preparing to go to bed.

Mrs. Brandon, known to all her friends and relatives as "Grandma", is a native of Iowa and has lived in Canal Point since the pioneer days, coming here in 1922.

Muck City Road Is Actually Started

Actual construction of Muck City road got underway this week when the contractor, C. T. Stockton Construction Company of Miami, started hauling rock and putting it into place for the new road fill. For several weeks the contractor has been digging rock out of a new pit on Muck City road and allowing it to dry preparatory to actual construction of the road.

Massive concrete culverts, reinforced with steel, will replace the narrow wood bridges which have served so faithfully on the much travelled road. Three of these culverts have been installed and more are to come in the immediate future as soon as they arrive from the manufacturer.

Three miles of Muck City road from Conner's Highway inland to Muck City is now under contract to the Stockton concern at a State Road Department bid of \$293,000.00. Right-of-way is being secured on the remaining three miles of this road from Muck City into Pahokee via Streamline. It is expected that bids on this final stretch of road will be received in Tallahassee in the next few weeks.

J. S. Shiver has returned to Colquitt, Ga., after spending the season here with his son-in-law and daughter, Mr. and Mrs. L. B. Wilson.

Judge R. O. Morrow Will Dedicate New Civic Building

Judge R. O. Morrow, West Palm Beach will give the dedicatory address at the dedication of Pahokee's new Civic Building Sunday, April 7, according to an announcement by Ralph O. Johnson, chairman of the special Chamber of Commerce committee in charge of arrangements for the dedication ceremony. Serving with Johnson on this committee are Dr. R. C. Lane and Mrs. Mae Pope.

The guest speaker, a former State senator, is now serving as judge of the circuit court. He will be introduced by Roy Vandegriff, Jr., chamber president, who will be master of ceremonies. The ceremonial keys to the new building will be presented to Mayor Dick Parrish by Curtis Chase, chairman of the civic building committee responsible for the construction of the Civic Center.

Music will be furnished by the Pahokee High School Band under the direction of Bandmaster Robert O. Lampl. Following the dedication there will be open house in the Chamber of Commerce office and the Pahokee Public Library which are both located now in the new building.

The Pahokee Garden Club will be in charge of decorations and member of the Pahokee Business and Professional Woman's Club will serve refreshments.

STAR MEETING

An Order of Eastern Star meeting was held in the Masonic Hall at Punta Gorda Sunday to complete plans for the meeting of the Grand Chapter of Florida at Tampa in April. The Pahokee OES Chapter was represented at this planning session by Mrs. Rachel Harrington, worthy matron, Mrs. Edna Barret, Mrs. Ruth Carpenter, Mrs. Jenny McKinstry, Mrs. Etta Mae Friend and Mrs. Jessie Barnes.

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

A county commission committee was named this week to study the possibility of drafting a general over-all plan for water conservation and drainage for lands in the northeast section of the county.

Named to the committee were Commissioner Kenneth Foster and Roy Michael, County Attorney Harry Johnston and County Engineer Steve Middleton.

The committee was named after the board received a request for the general plan from Phil Lewis, Riviera Beach, who heads a water conservation committee of the Resources Development Board.

In other actions this week the commission:

Granted a two week military leave to L. R. Gilbert, a member of the engineering staff.

Heard a report from Commissioner Ben Sundry, that right of way for construction of Boynton Beach West Road is being donated by land owners with the exception of 900 feet which the county will have to obtain by condemnation proceedings. The project extends for three miles.

Approved an offer from Brockway, Weber and Brockway to provide engineering services for the Dolan Road project for 10 percent of the construction cost.

A winter visitor from Michigan told the county commission this week that his welcome to Palm Beach County had left him without transportation to enjoy his vacation.

A tree reportedly fell on the visitors car while he had his auto parked at the county's Welcome Station at Juno Beach.

The visitor identified himself as

Cinematic Chatter

By Malcolm Miller

Hello everybody! Jane Mansfield, who knocked with little success at film studio gates in Hollywood in 1954, has now established herself as a full-fledged star in her own right. Jane, who was born in Bryn Mawr, Pa., and raised in Texas, actually owes her start to newspaper photographers and reporters, who discovered her photographic charms and candid talk at the premiere of a picture called "Underwater" in Florida, although she had not worked in the film. She just went along to decorate the scene and decorate it she did. The stories and photographs the New York and Hollywood press sent back intrigued the studios. It was a switch from the usual routine of being discovered on a fan magazine cover by a Hollywood talent scout. This was only the beginning, however. While she was working in Philadelphia she found time to run over to audition for George Axelrod's play, "Will Success Spoil Rock Hunter?" and it took the "Seven Year Itch" playwright 10 minutes to sign her. The play was a hit; Jayne received rave reviews; the New York columnists found her a wonderful source of copy and she became the toast of Broadway.

Hollywood became excited about Jayne all over again and a major studio signed her to a starring contract. In Dallas she attended Highland Park grammar and high school and later, despite motherhood, she enrolled in Southern Methodist University. She also went to University of Texas and later to U. C. L. A. When 16 she married a fellow high school student, Paul Mansfield. A daughter, Jayne Marie was born to them on November 9, 1950. Her marriage did not pan out and divorce is now pending in the courts. She arrived in Hollywood with a beautiful selection of clothes designed by Oleg Cassini, including an \$18,000 mink which she bought on the installment plan. She is well groomed and sells glamour as stars did in earlier days. See you at the movies—Mal.

Okeelanta Bridge Work Is Underway

Held up for weeks on account of late arrival of steel, contractors are busy this week placing steel beams on Okeelanta bridge and pouring of the concrete deck will start the first of next week if work goes according to schedule. The bridge has been out on the Bolles canal road for many weeks and farmers have been detouring via Vinegar Bend. News of the arrival of the steel of the steel will be welcomed by farmers in the South Bay-Okeelanta area, who have driven many extra miles because of delay in completing construction on this vital highway facility.

Fun Filled Days At St. Petersburg

ST. PETERSBURG — April 1 will be the beginning of six fun-filled days of activities in St. Petersburg when the annual Sunshine Festival gets underway. Each day of the Festival will see a major league ball game featuring the World Champion New York Yankees or St. Louis Cardinals playing other major league teams. Other events will include fireworks Monday, April 1; coronation of the Sun Goddess Thursday, April 4, and a huge Sunshine Festival Parade, Friday, April 5.

There will also be a shuffleboard tournament, dances, fireworks and a water ski show highlighting the annual event staged by the St. Petersburg Chamber of Commerce.

DUGGER PROMOTED

Sgt. E. D. Dugger, who was formerly in charge of the Highway Patrol office in Pahokee, has been promoted to Acting Lieutenant at the Miami office. He will continue to operate in Miami.

Routine Business By City Council

The Pahokee City Council in regular session Monday night made plans for revising the city's schedule of occupational license fees in order to bring the schedule up to date. City Attorney Ralph O. Johnson presented to the Council for study copies of occupational license schedules in use by various Florida cities, these copies being loaned to the group by the library of the Florida League of Municipalities until April 20. Council members agreed to meet in formal session Monday night, April 1, to work on the drafting of amendments to the present occupational license ordinance.

Upon request by Duncan Padgett it was voted to advertise for a public hearing on the proposed change in zoning of a two-acre tract at the corner of Barfield Highway and Belle Glade Road from residential, R-2, to commercial, C-1. A public hearing on the proposed abandonment of the plat for the Almage subdivision was held at the Monday night meeting following which an ordinance providing for the abandonment was adopted.

Upon request by Mrs. C. A. Canipe, chairman of the Neighborhood Girl Scout Committee, the Council voted permission for the Pahokee Girl Scout Troops to use the space at the rear of the council hall, recently vacated by the city library when it was moved to the new Civic Center, for the storage of file cabinets and other troop equipment and as a meeting place if necessary.

Fire Chief Marvin Levina reported delivery of a new \$10,370 Howe fire truck and it was voted to enter contract with the manufacturer for the payment of this truck, the terms being \$3,000 cash down payment with the balance to be paid in yearly installments of \$1,470 over a five-year period. The bid of the East Coast Fire Equipment Co., offering the fire department 1,000 feet of 2½-inch hose and 300 feet of 1½-inch hose at a cost of \$1,876 was accepted. It was voted to sell the city's old 1930 LaFrance fire truck to the highest bidder sealed bids to be opened at the next regular meeting, April 8.

Upon recommendation by City Inspector Frank Thompson the Council voted to purchase a membership in the Southern Standard Building Codes association. Inspector Thompson was advised to make certain that the 125-foot two-way radio antenna tower that has been erected on top of the McCurdy-Mitchell plant does not violate the city's building codes before issuing a permit for the tower.

It was voted to advertise for an

operator of the swimming pool in the city park for the coming season, starting next month, the city to duplicate last year's contract for the pool operation.

Police Chief Leon Guthrie was asked to strictly enforce the law that restricts trucks from parking in the downtown business section also to make improvements on the amber warning light at the intersection of Barfield Highway and Belle Glade Road.

Pick your savings target and shoot straight for it!

A home . . . financial security . . . a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 80% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4448.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds

Fight Cancer With Checkup And Check

Palm Beach County's annual fund drive for cancer research and treatment, will get underway April 1 under the direction of George Slaton, West Palm Beach insurance executive, who has been named county chairman of the campaign by the county unit of the American Cancer Society.

Joining in the volunteer campaign organization with Slaton are civic leaders in every county community who will have charge of fund raising activities in their own cities during the month long drive.

"For the second successive year," Slaton said, "the slogan of the campaign will be 'Fight Cancer With A Checkup and a Check.' Last year after the campaign a flood of inquiries were made at unit headquarters on how to follow up the suggestion for a medical checkup.

"We want to drive home this idea of fighting cancer with a checkup and a check, until we save those thousands of lives that can be saved. They are lost mainly because cancer is not discovered and treated in the earliest stages," Slaton explained.

Through its educational program, the American Cancer Society reports that last year it was estimated that 150,000 Americans were saved from cancer. Ten years ago the number was only 80,000.

Emphasis in this year's campaign, Slaton said, will be placed on C-Day to be held April 9 when a house to house solicitation for funds will be conducted across the county under the direction of community chairman.

Community chairman serving with Slaton include Alan Brackett, West Palm Beach; Richard Sorcini, Lake Worth; Mrs. L. B. Hickam, Lantana; Donald Ward, Boynton Beach; Robert Freitag, Delray Beach; Robert Raines, Boca Raton; Leonard Dobrow, Pahokee; Howard Cook, Juno Beach; Mrs. Shirley Floyd, Jupiter; Alvin Boetcher, Palm Beach; Mrs. Ruby Tucker, Canal Point; Mrs. Clayton Waters, South Bay; Bernie Benschel, Loxahatchee and Mrs. George Datasman, Greenacres.

Troop 28 Names New Officers

Pahokee Boy Scout Troop 28 has been completely re-organized and new officers elected since the recent withdrawal of the older Scouts, 14 years and older, from the troop to organize a Sea Scout Ship, according to Scoutmaster Louis Mims.

New officers chosen for Troop 28, which now has 43 members, were Gary Folds, senior patrol leader; David Slaughter and Freddy Hickerson, junior assistant scoutmasters; Robert Boe, patrol leader, assisted by Johnny Vandegrift; Wayne Boynton, patrol leader, assisted by Mike Watkins; John Hundley, patrol leader, assisted by Skeets Boe; Roger Hatton, treasurer Jeff Barwick, scribe, Eddie Campbell, librarian; James Gray, chaplain, and Joe Graham, reporter.

Lewis Miner, pastor of the Church of God on Barfield Highway, recently joined Troop 28 as a new scoutmaster.

Mrs. J. Ray Hatton, Mrs. Richard C. Lane, Mrs. Milton Salvatore and Mrs. Leland Shirley, rushees of the Beta Omicron Chapter, Beta Sigma Phi Sorority, were complimented at a preferential tea given by the chapter at the home of Mrs. W. Roselle Wilson. In the receiving line with the rushees were Mrs. Ellis Wilkinson, chapter president, and Mrs. C. S. Davis, vice president. Pouring at the tea table with Mrs. Wilson was Mrs. Al Beverly. Piano selections were played by Miss Anita Cowart.

FIVE GENERATIONS IN THIS PICTURE

The lady seated in the above picture is Mrs. W. B. Moon of Miami, 84 years young, and mother of Mrs. Francis W. Cross of Canal Point. Making up the five generations group are, left to right, standing: Mrs. W. Ward, 57; Mrs. R. L. Alexander, 39; and in Mrs. Alexander's arms is M. W. Emsley, 3rd; and next is his mother, Mrs. Marvin W. Emsley, 19. The young man in the picture is two years old. Youngster Emsley is the son of Mrs. Marvin W. Emsley who is the daughter of Mrs. R. L. Alexander who is the daughter of Mrs. W. Ward who is the daughter of Mrs. Moon. That makes it!

Happy Dad! Just has to share the news every time the phone rings. And when baby gets home, the same phone will serve the new arrival, too, so many ways. It will go to the drug store ... department stores ... doctor's office. And it's that way with all of us. Your telephone eases your mind ... buys things you need ... makes life easier and more pleasant every day.

Today, you take your telephone for granted, and you should. Tomorrow many exciting new developments lie ahead ... telephone TV, for instance ... that will continue to make your phone even more a part of pleasant living.

a castle in the air costs nothing
—but you can't live in it!

**Make your dream house come true! It's easy
—through Payroll Savings!**

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving automatically—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U.S. Series E Savings Bonds. Because Savings Bonds earn solid interest—3% cumulative continuously when held to maturity.

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,348.95 cash. In 9 years, 8 months, you'll have \$7,217.29!

So don't let down payments get you down. Meet your needs for ready cash the way more than 8 million other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!

* * *

If you want your interest as current income, call your bank about Series H Bonds, which pay dividends annually by Treasury check.

Choose your own savings goal

	If you want approximately		
	\$5,000	\$10,000	\$25,000
Each week for 9 years and 8 months, save.....	\$5.00	\$10.75	\$26.00
Each week for 19 years and 8 months, save.....	\$2.75	\$7.00	\$16.75

This chart shows only a few typical examples of savings goals and how to reach them through Payroll Savings. Remember, you can save as little as \$1.00 a week and still reach your goal. For more information, call your pay office.

Christian Science Group Of Canal Point
God's infinite goodness will be brought out in the Lesson-Sermon entitled "Reality" at Christian Science services Sunday.

Scriptural selections will include the following from the Gospel of John (1:1-3): "In the beginning was the Word, and the Word was with God, and the Word was God . . . All things were made by him; and without him was not anything made that was made."

Correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (472:24-26): "All reality is in God and His creation, harmonious and eternal. That which He creates is good, and He makes all that is made."

The Golden Text is from Psalms (18:32): "It is God that girdeth me with strength, and maketh my way perfect."

New Election Dates Considered

TALLAHASSEE—There is a lot of interest "in switching the primary election dates from May to September," says James Milligan, chairman of the Florida Democratic Executive Committee.

Party leaders have suggested that since Florida is becoming a two-party state the primary dates should be moved closer to the November general election. This would eliminate most of the long expensive campaign that comes between party balloting and the actual election.

Milligan said it remains to be seen whether any move will develop in the coming Legislature to change the dates. Most interest in the change has developed among counties with growing Republican voting strength.

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$57.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

**If you want to be paid
your interest as current income—
invest in 3% Series H**

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.

Now even better! Invest more in Savings Bonds!

PHS Track Team In Win At Pompano

The Pahokee High track team won its first victory of the season at a triangular meet held at Pompano Tuesday with Pahokee, Pompano and Pinecrest participating.

In running up 56 2-3 points to win first place in the meet Pahokee shaded second-place Pompano by one-third of a point. Pahokee's Earl Meredith was high point man in the meet with a total of 10 5-6 points and Tripp Alderman was second high with 7 points. Both men set new school records at the meet, Meredith when he won first place in the 180-yard low hurdles in 23 seconds flat, two-tenths of a second better than the old record and Alderman when he ran the 440-yard dash in 56 seconds flat, six-tenths of a second off the old record, which gave him a first place in this event.

First places were also won by Pahokee's 880-yard relay team (Lloyd Douglas, Wayne Elliott, Richard Weeks and Alvy Early) and by its medley relay team (Lloyd Douglas, Wayne Elliott, Alvy Early and Earl Meredith). Pahokee's mile relay team (Tripp Alderman, Richard Shackford, Dale Stacy and Richard Weeks) won second place.

Other points won by Pahokee men in individual events were Earl Meredith, second in high hurdles and tie for third in high jump; Billy Kinsaul, second in the mile run; Richard Weeks, second in shot put and tie for third in the high jump; Dale Stacy, second in discus throw; Willie Veal, second in 880-yard run; Clinton Sellers, third in low hurdles; Ronnie Hitchcock, third in shot put, and Lloyd Douglas, third in 220-yard dash.

Pahokee will take part in a quadrangular meet to again be held at Pompano on April 4, with Seacrest Stuart and Pompano also participating.

CARD OF THANKS

Words alone can never express what I feel in my heart for the many kindnesses shown me and my family during my illness. The special prayers that were said and the many visitations of the ministers and friends gave me a new outlook on life.

The thoughtfulness of those who sent such beautiful flowers will long be remembered, also the many cards were a joy to receive. To the blood donors a simple thank you does not seem adequate, for it is a deed for which I shall always be indebted.

My family joins me in thanking all of you for your wonderful goodness.

Sincerely,
FRED T. HICKERSON

Senior Class Presents Play

The Pahokee High School Senior Class presented the annual "class play" in the high school auditorium on Thursday and Friday nights.

The three-act mystery-comedy entitled "Cramercy Ghost" was directed by Miss Barbara Myatt. Seniors in the cast were Linda Sellers, Beth Smith, Ronnie Hitchcock, Judy Shackford, Fred Blakey, Theresa Pope, Douglas Gillis, Rupert Mock, Pat Crady, Carolyn Crosby and Sandra Adams. Lory Rockwell substituted for Theresa Pope who was ill.

Sea Scout Ship Is Organized

A Pahokee Sea Scout Ship has been organized by a group of explorer-age Scouts, 14 years or older, formerly affiliated with Pahokee Boy Scout Troop 28.

Serving as adult leaders of the ship are Milton Douglas, skipper, and Joe M. Alderman, mate. Ship officers are David Simonson senior crew leader; Joey Alderman, deputy senior crew leader; Kenneth Williamson, crew leader; Benny Baxter, assistant crew leader, and David Watkins, secretary. Crew members include Eddie Crews, Denny Padgett, Lester Lindrose,

Billy Brooks, Carroll Watson, John Davis, Buddy Keen, Billy Mackey, Banze Eagle, Roger Watson, Wally Mole and Billy Plumer.

Meetings are held on Monday nights, a ship business meeting once a month and weekly meetings for training and class work. These meetings are held either at the Scout Home in the city park or on Shipper Douglas's boat, "Old Brig," which is tied up at Pahokee Harbor and is being used as a training ship for the group.

Although the training of the Pahokee Sea Scouts is still limited to "dry runs" on the Old Brig, Skipper Douglas expects his crew to be ready for the first cruise in Lake Okeechobee waters within two weeks. Application has been made for a charter and a number will be given to the Pahokee Sea Scout Ship when the charter is granted by the Gulf Stream Council.

PTA ELECTION

The Canal Point Parent-Teacher Association will hold its April meeting in the school auditorium Monday, April 1, at 8 p. m. New officers will be elected during the business session. Mrs. F. T. Wells, president of the Palm Beach County PTA Council will be a guest of honor.

Airport Road Work Stymied

County Commissioner Paul Rardin reported this week that construction of Airport Road from State Road 15 in the Glades is being stymied by airplane hangars located in the road right of way.

The Glades commissioner won support of the board for the engineering department to immediately

take action to move the private hangars at the Belle Glade airport from county right of way.

Rardin said that unless the buildings are moved, road building equipment would have to be taken off the job.

In another action concerning airplanes, the board voted to accept the offer of Palm Beach Town Manager J. M. Boyd, who invited the county to use his private plane for aerial inspections.

FORD is the lowest priced of the low-price three!

Everywhere you look in the new Ford, you see plus-value features. And these advanced features that make Ford your best buy today... also make it your best buy for the years ahead.

There are many plus-values in the all-new "Inner Ford!" You don't ordinarily see many of the plus-value features that are built deep down into the all-new "Inner Ford." For example, such features as the new, sturdier, contoured frame and new suspensions, front and rear.

There's a big plus-value in Ford power for '57! This year, you can pick a Ford engine to suit your power needs from a whole new family of mightier Ford V-8's. Or you may choose the new Mileage Maker Six.

Ford is worth more when you sell it!

The years-ahead styling and rugged "Inner Ford" features that make Ford worth more now are the features that will make it worth more when you are finally ready to sell it or trade it in.

Ford is priced right!

Comparison of manufacturers' suggested retail delivered prices proves that model for model, Ford is the lowest-priced, full-size car.
